Portfolio Website

EDUCATION

- **MS Informatics & Analytics** : UNC Greensboro, NC.
Major: Advanced Analytics.
GPA: 3.96/4.00. May 2021
- **BSc (Hons.) Statistics** : Sri Venkateswara College, University of Delhi, India.
71.07% May 2014

CERTIFICATIONS

- **Institute & Faculty of Actuaries, UK** : CT 1-6, 9; CS 1-2; CB 1-3; CM 1
- **Institute of Actuaries of India** : CT 7

SKILLS

- **Programming** : Python (Scikit-Learn, PySpark), R (Tidyverse, Shiny), SQL, SAS
- **Modeling** : ML (Supervised/Unsupervised), GLM, Survival Analysis, Time-Series, Deep Learning (Keras)
- **Clinical Domain** : CDISC (SDTM/ADaM), Pharmacology Data Integration, Regulatory Compliance (GCP)
- **Big Data/Cloud** : Spark, Microsoft Fabric, Databricks, Splunk, Git
- **Visualization** : Tableau, Power BI, ggplot2

Data Scientist

PROFILE

Strategic Data Scientist with over 7 years of experience in Statistical Modeling, Actuarial Risk, and Clinical Analytics. Expert in leading end-to-end machine learning workflows and transforming high-dimensional pharmacology datasets into decision-ready insights. Proven ability to bridge technical rigor with business strategy in highly regulated environments.

PROFESSIONAL EXPERIENCE

MEDTEK AI — SENIOR CLINICAL DATA SCIENTIST JAN 2025 – JAN 2026
Noida, India

- **Analytical Leadership**: Led the transformation of ambiguous clinical questions into statistically rigorous analytical frameworks for late-stage trials.
- **Predictive Modeling**: Developed interpretable ML models to analyze Exposure-Response relationships and identify early clinical outcome signals.
- **Scalable Pipelines**: Built production-grade data pipelines using Python and Spark to process multi-terabyte pharmacology datasets.
- **Stakeholder Management**: Collaborated with Clinical and Biometrics teams to present complex findings through data storytelling and high-impact visualizations.
- **Package Validation**: Spearheaded the validation of R-based clinical packages (riskmetric/risk.assessr) to ensure audit-readiness and GCP compliance.

CLINVIA LLC — CLINICAL DATA SCIENTIST NOV 2022 – APR 2023
Greensboro, NC, USA

- **Statistical Analysis**: Conducted longitudinal modeling and survival analysis to support Pharmacovigilance reporting (DSUR/PSUR).
- **Automation**: Engineered automated data cleaning and transformation scripts in R/Python, reducing report generation latency by 35%.
- **Standards Adherence**: Integrated ADaM dataset specifications with advanced analytics to ensure seamless regulatory defensibility.

ADECCO GROUP — DATA ANALYTICS ASSOCIATE JUL 2021 – APR 2022
Greensboro, NC, USA

- **Business Intelligence**: Developed executive-level Power BI dashboards for Volvo Financial Services to monitor risk recovery and sales performance.

ACTUARIAL & RISK MODELING

AON CONSULTING — SENIOR ACTUARIAL ANALYST SEP 2016 – DEC 2018
Noida, India

- **Risk Quantification**: Valuation and fund transfer calculation for UK-based pension plans using complex actuarial simulations.
- **Impact Analysis**: Conducted deficit recovery analysis and Actual-vs-Expected model sensitivity testing.

ICICI PRUDENTIAL LIFE — MANAGER APR 2016 – AUG 2016

- **Data Strategy**: Led SQL-based data extraction and feature engineering for liability valuation of Term Insurance products.

BIRLA SUNLIFE INSURANCE — ACTUARIAL EXECUTIVE DEC 2014 – MAR 2016

- **Group Pricing**: Priced group life policies for MNC's, affinity groups, clubs, groups. Negotiated with reinsurer for best optimum reinsurance rates as per treaty.
